REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members of the City Council
City of Glendora, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Glendora, California, (the City) as of and for the year ended June 30, 2010, which collectively comprise the City's basic financial statements and have issued our report thereon dated January 13, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified the following deficiencies in internal control over financial reporting that we consider to be significant deficiencies in internal control over financial reporting. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as finding 2010-1 to be significant deficiencies in internal control.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM,
ON INTERNAL CONTROL OVER COMPLIANCE, AND ON THE SCHEDULE OF
EXPENDITURES OF FEDERAL AWARDS IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable Mayor and Members of the City Council
City of Glendora, California

Compliance

We have audited the compliance of the City of Glendora (the "City") with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

To the Honorable Mayor and Members of the City Council
City of Glendora, California

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in the internal control over compliance that we consider material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of the City as of and for the year ended June 30, 2010, and have issued our report thereon dated January 13, 2011, which contained an unqualified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion of the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

This report is intended solely for the information of the City Council, management, federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

Note a: Refer to Note 1 to the schedule of expenditures of federal awards for a description of significant accounting policies used in preparing this schedule.

Note b: There was no federal awards expended in the form of noncash assistance and insurance in effect during the year.

Note c: Total amount provided to subrecipients during the year was \$0.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Note 1: Summary of Significant Accounting Policies Applicable to the Schedule of Expenditures of Federal Awards

a. Scope of Presentation

The accompanying schedule presents only the expenditures incurred by the City of Glendora, California, that are reimbursable under federal programs of federal financial assistance. For the purposes of this schedule, federal awards include both federal financial assistance received directly from a federal agency, as well as federal funds received indirectly by the City from a non-federal agency or other organization. Only the portion of program expenditures reimbursable with such federal funds is reported in the accompanying schedule. Program expenditures in excess of the maximum federal reimbursement authorized or the portion of the program expenditures that were funded with state, local or other non-federal funds are excluded from the accompanying schedule.

b. Basis of Accounting

The expenditures included in the accompanying schedule were reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, expenditures are incurred when the City becomes obligated for payment as a result of the receipt of the related goods and services. Expenditures reported included any property or equipment acquisitions incurred under the federal program.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

SECTION I - SUMMARY OF AUDITORS' RESULTS

Financial Statements

Type of auditors' report issued: Unqualified Opinion

Internal control over financial reporting:

- Significant deficiencies identified? yes no
- Significant deficiencies identified that are considered to be material weaknesses? yes none reported

Noncompliance material to financial statements noted? yes no

Federal Awards

Internal control over major programs:

- Significant deficiencies identified? yes no
- Significant deficiencies identified that are considered to be material weaknesses? yes none reported

Type of auditors' report issued on compliance for major programs: Unqualified Opinion

Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of Circular A-133? yes no

Identification of major programs:

<u>CFDA Number(s)</u>	<u>Name of Federal Program or Cluster</u>
14.239	HOME Investment Partnerships Program
20.205	Highway Planning and Construction
20.205	ARRA – Highway Planning and Construction

Dollar threshold used to distinguish between type A and type B program \$300,000

Auditee qualified as low-risk auditee? yes no

**SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2009**

SECTION II - FINANCIAL STATEMENT FINDINGS

Finding Number: 2009-1

During our test work of accounts payable, we noted one invoice which related to both fiscal years 2008-09 and 2009-10 that was paid in fiscal year 2009-10 but not properly recognized as a liability in the prior fiscal year. The City needs to review its procedures to ensure that all items which relate to the prior fiscal year are appropriately recorded. Toward that end, we recommend that in addition to the performance of the City's general cutoff procedures for payable, the City also review subsequent disbursements for potential accrual.

Status: The City has corrected the finding and there were no instances noted in the current period.

Finding Number: 2009-2

During our test work of advances to the Redevelopment Agency we noted that the City did not accrue interest due from the Agency during the year. In addition, the Agency did not record the interest expense due to the City. We recommend that the City properly record all activity related to Advances which occur during the fiscal year.

Status: The City has corrected the finding and there were no instances noted in the current period.

Finding Number: 2009-3

During our interim review of understanding the City's internal controls, it was noted that the payroll clerk had the ability to enter new employees, change pay rates, and delete terminated employees off the system. This was discussed with management and it was recommended that these functions be removed from the payroll. This lack of segregation is considered a significant deficiency with a high fraud risk. There was no change to the duties during our year-end follow up and it is still highly recommended that these duties be segregated.

Status: The City has corrected the finding and there were no instances noted in the current period.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No matters were reported.
