MARGINAL FUNCTIONS

These are position functions which may be changed, deleted or reassigned to accommodate an individual with a disability.

QUALIFICATIONS GUIDELINES

Education and/or Experience *Any combination of education and experience that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:*

Specialized training in public works construction, engineering, or a closely related field, and five years of increasingly responsible construction and public works maintenance experience, including or supplemented by three years supervisory experience. A Bachelor's Degree in Construction Management, Public Administration or a related field is highly desirable.

Knowledge and Skill Levels

Thorough knowledge of the principles, practices, and techniques of public works, streets, storm drains facilities and equipment maintenance; methods, techniques, and practices employed in public works design and construction, including methods, procedures, and materials; cost accounting; supervision and training principles and techniques; budgetary, work planning, and time/material cost estimation techniques; federal, state, and local regulations concerning hazardous materials, waste, and air quality.

Special Requirements

Possession of or ability to obtain a certificate in hazardous materials management.

Possession of or ability to obtain a Class C California driver's license and a satisfactory driving record.

PHYSICAL DEMANDS AND WORKING ENVIRONMENT

The conditions herein are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential job functions.

Environment: Work is performed primarily in a standard office setting, subject to noise from office equipment operation; frequent interruptions and contact in person and on the telephone with academic and classified staff and others. Duties are typically performed at a desk or computer terminal, with some travel to different sites, and exposure to noise, dust, and inclement weather conditions. At least minimal environmental controls are in place to assure health and comfort.

Physical: Primary functions require sufficient physical ability and mobility to work in an office setting; to stand or sit for prolonged periods of time; to occasionally stoop, bend, kneel, crouch, reach, and twist; to lift, carry, push, and/or pull light to moderate amounts of weight; to operate office equipment requiring repetitive hand movement and fine coordination including use of a computer keyboard; and to verbally communicate to exchange information.

Vision: See in the normal visual range with or without correction.

Hearing: Hear in the normal audio range with or without correction.
